## FROM OTTAWA

June 10th, 1903.

Bulletin Correspondence.  
The opposition has decided to com-  
mit the woods and game down to par-  
ticulars on the question of adequate  
protection. "The first of a series of  
resolutions presented by the leader of  
the opposition bearing on this point  
was moved yesterday by him as fol-  
lows:

"This House is of opinion that the  
tariff of customs duties should give  
such protection to iron and steel in-  
dustries as will not only secure to our  
own producers and manufacturers the  
Canadian market in articles now pro-  
duced or manufactured in this country  
but will also develop and sustain the  
manufacture in Canada of other iron  
and steel products which at present  
are imported in large quantities from  
other countries."

"And that the present tariff of cus-  
toms duties should be now readjusted  
on this principle."

The resolution was supported in a  
carefully prepared speech, the burden  
of which was that the iron-producing  
industry was the foundation of national  
greatness and that it could only be  
successfully established under a pro-  
tective system. He admitted that an  
increase of the duties on raw iron, such  
as his resolution suggested, would have  
to be accompanied by a reduction of  
the duties on iron manufactures, which  
he euphemistically termed, a readjust-  
ment of the tariff on manufactures in-  
to which iron largely entered; but, he  
said, himself and party were prepared  
to face that situation. What is to say  
they were prepared to increase the  
duties on raw iron, thereby increasing  
the cost of their raw materials to all  
manufacturers, and then increase the  
duties in favor of the manufacturers  
to compensate them for the increase  
of cost of their raw material. He did  
not carry his argument further, and  
say what he was going to do for the  
euphemistically termed, a readjust-  
ment of the tariff on manufactures in-  
to which iron largely entered; but, he  
said, himself and party were prepared  
to face that situation. What is to say  
they were prepared to increase the  
duties on raw iron, thereby increasing  
the cost of their raw materials to all  
manufacturers, and then increase the  
duties in favor of the manufacturers  
to compensate them for the increase  
of cost of their raw material. He did  
not carry his argument further, and  
say what he was going to do for the

In this view he was ably supported  
by a number of leading members of  
the opposition including Messrs. Bell,  
Osler, Chasoy and others. Judging  
there is no limit to the length they  
are prepared to go in promoting in-  
crease in duties in favor of the manu-  
facturers, and although in the de-  
claration of policy which followed the  
presentation of the budget by the fi-  
nance minister, they promised ade-  
quate protection to all other industries  
and to labor as well as to manufactur-  
ers, they had apparently already for-  
gotten the need of protection by any

sisted by Rev. Mr. H. G. H. The fun-  
eral was largely attended, the pall-bear-  
ers being partly chosen from the local  
Oddfellows' lodge.

-Fort Saskatchewan Reporter.  
Major Belcher, C. M. G., arrived here  
on Monday last to take charge of "G"  
division N. W. M. P. in place of Sup-  
t. Constantine, who left for the north  
last week. The many friends of the  
Major are glad to welcome him back  
to Fort Saskatchewan, as he is well  
known in this part of the Territories  
and is deservedly very popular. It is  
expected under the able supervision of  
Major Belcher many changes for the  
better will take place here.

-Press Press.-An admirable sou-  
venir publication, the "Probationers'  
Year Book," has been issued by the  
executive of the Probationers' asso-  
ciation of the Manitoba and Northwest  
conference of the Methodist church. It  
contains portraiture of the principal  
of "Our Alma Mater," Rev. Dr.  
Spartling, Rev. T. C. Buchanan, pres-  
ident of the conference; also of a num-  
ber of the probationers of 1902 and 1903  
with biographical sketches. There are  
also fine cuts of Wesley college, Ed-  
monton church and parsonage, and de-  
votional church. Short articles are  
written on various subjects by Rev.  
A. G. Grant, P. D. H., Rev. T. C. Buchanan,

Osborne, Rev. A. C. Courtrie, D. D.,  
Rev. Dr. Maclean, Rev. A. Milliken, B.  
D., Rev. Hiram Hull, B.A. Rev. Prin-  
ciple Spartling writes an introductory  
note, in which he commends the year  
book as planned by Messrs. Doyle and  
Melvin and as offering a new evi-  
dence of western enterprise.

## DEATH OF MRS. KENNETH

The community was shocked last  
evening to hear of the death of Mrs.  
R. Kenneth, of Edmonton, in the hos-  
pital in Victoria, B.C., on Saturday  
evening last. Mrs. Kenneth had gone  
to Victoria for her health and al-  
though it was known that she was  
ill, no one suspected that her sick-  
ness was so serious. Mr. Kenneth had  
left for Victoria Sunday morning to  
join his wife and the distressing news  
of her death reached him at Lacombe.  
We are not yet familiar with the par-  
ticulars of Mrs. Kenneth's illness and  
death, but neither herself, Mr. Ken-  
neth, nor her friends had any idea  
that death was so near. The body will  
be taken to Calgary for interment.  
Much sympathy is felt for Mr. Ken-  
neth in his sore bereavement.

## WILL MEET IN EDMONTON

The General Assembly of the Presby-  
terian church of Canada which is now  
in session at New Westminster will  
have its next annual meeting in  
Edmonton the first Wednesday in May,  
1904. This is another very distinctive  
recognition of Edmonton's growing im-  
portance. Although the delegates to  
the General Assembly had to forego  
the pleasure of their contemplated  
trip to Edmonton this year, by waiting  
a year they will have the pleasure of  
spending several days in this metro-  
polis of the north.

## PERSONAL

Geo. T. Briggs returned last night  
from attending the Masonic Grand  
Lodge in Winnipeg.

Mr. and Mrs. J. K. Morris of Blen-  
heim, Ont., are visiting their sons in  
Edmonton this week.

R. B. Weekoff, of Webster City, Ia.,  
is in Edmonton today. He is delig-  
hted with Edmonton and district and is  
purchasing land here for himself and  
others.

D. R. Fraser returned on Saturday  
evening from the east where he had  
been purchasing machinery for the new  
mill the D. R. Fraser Company will  
erect near the site of their present  
mill.

S. Edward Bolton, of Toronto, a  
young member of the legal fraternity,  
arrived in town last night. He is  
very pleased with the appearance of  
Edmonton and thinks of locating in  
this neighborhood.

In a recent issue the announcement  
was made that Dr. R. A. Braithwaite  
was elected Grand Master of the Maso-  
nic Lodge of Manitoba and the North-  
west Territories. Another citizen of  
Edmonton, in the person of Geo. T.  
Briggs, received the distinction of be-  
ing elected Grand Junior Deacon of the  
same lodge.

## LACROSSE IN LEDUC

Beautiful weather favored the lac-  
rosse boys on their trip to Leduc to  
play a friendly match with the team  
there. Some difficulty was experi-  
enced in getting a twelve together. Sev-  
eral excellent players could not join  
the team, being unable to get away.  
However an excellent game was played  
which resulted in a victory for Ed-  
monton by a score of 3 to 1.

The game was free from all unneces-  
sary rough play, but at the same time  
was very keenly contested. The Leduc  
team showed themselves good sports-  
men, playing an excellent game. It is  
regretted to make special mention of  
any of the Edmonton team as all played  
good lacrosse, taking into account  
that no practicing has been done this  
year. It is hoped that a return match  
will soon be played in Edmonton.

After the match the Leduc team  
treated the visitors to an elaborate  
banquet and dance. A thoroughly  
good time was spent and the Edmon-  
ton lacrosse team have nothing but  
the very kindest words to say of the  
hospitality of the Leduc team and of each  
of its individual members.

## PUBLIC SCHOOL MATTERS

From the time the first school in the Territories was established in Edmonton our citizens have always taken the greatest interest in educational matters. We boast of having a public school second to none in the Territories, recently erected at a cost of \$40,000. The school has only been open a few months but the rooms are all filled and it has been found necessary to open a room in the high school building. When school reopens after the mid-summer holidays it is expected that two other rooms will have to be opened in rented buildings. This means that another large public school will have to be erected next summer. There is at present a vacancy on the board of trustees of the Protestant public school and a meeting was called for last Tuesday, June 9th, for the purpose of nominating candidates to fill this vacancy. Not a single elector turned out. It is to be hoped that this was due to insufficient advertisement and not to lack of interest. The school board should have its full membership and the electors of Edmonton should see to it that the very best man procurable should be elected to the position, in view of the important business with which the board will soon have to deal. A public meeting is called for ten o'clock Saturday morning, June 20th, in the council chamber for the purpose of nominating candidates to fill this vacancy on the school board. It is the duty of each citizen of Edmonton to turn out to the meeting and see that a man is elected who is capable of filling the position as it should be filled.

## FROM OTTAWA

Continued From Page One.

other industry than that of manufacturing. The opposition are to be congratulated on the definiteness of their position on the tariff as declared in this debate. It will not be possible at any future election for any supporter of the leader of the opposition to promise relief from high duties to western farmers as a feature of the policy of Conservative party.

The ex-Minister of Public Works strongly supported the resolution of the leader of the opposition, and by extreme statements in regard to the financial condition of the country based on the recent losses of stock speculators, attempted to stampede the Government into a general policy of high protection. He even went so far as to intimate that Canadian losses from the shrinkage of values of stock during the past month had amounted to one hundred million dollars; that this had been because of a lack of high protective duties and that the only way to recover the losses was for the Government at once to adopt a protective policy. He declared that the doors of the Dominion Steel Company were closed today and promised that if the Government immediately gave the steel industry the protection of higher duties they would be opened tomorrow, and stock in the company would recover its value. Considering that a number of members of parliament are reported to have made losses by the fall in Dominion Steel's stock, it was certainly a bold bid for their support to the new policy. It either is mighty to their credit that not one was influenced by this argument or else the argument itself was too shallow and too coarse to be effective.

On the Government side the resolution was opposed by the Premier, the Finance Minister, Dr. Kendall and Messrs. Bourassa, Oliver and Hayd. The Premier and Finance Minister expressed sympathy with the present condition of the steel industry and with the Dominion Steel Company, and intimated their willingness to do whatever could be done in accord with the general policy of the Government, and without disturbing existing industrial conditions, to improve the situation but they declined to accept the sweeping resolution proposed by Mr. Borden as the means to be adopted.

The Prime Minister hinted guardedly that the affairs of the company would require investigation before a claim for special consideration could be established. Mr. Bourassa went a good deal further and charged the Dominion steel company with bad faith in their transactions with the public, and although an avowed protectionist he would not support the granting of special assistance to a special case under the guise and in the name of general policy. Mr. Hayd was willing to acknowledge the need of increased protection to the iron producing industry but such increase must be accompanied by like increases of protection to the industries of which iron was the raw material. Mr. Oliver objected to any increase in the iron duties, which were now as high as the agricultural manufacturing and transportation interests of the country could stand. The resolution was defeated by a vote of 91 to 57.

Messrs. Calvin and Robinson, independent Conservatives and McGowan, Conservative, voted with the Government. Mr. Tarte, pro-Conservative, Liberal, voted with the opposition.

## BRIDGE AT PRINCE ALBERT

Prince Albert Advocate.  
The most important news bearing on the welfare of Prince Albert and vicinity made known here for some time was announced in a letter received here last week by Mr. J. H. Wilson, president of the Board of Trade, from the minister of public works, Ottawa, that an appropriation for the purpose of constructing a combined railway and traffic bridge across the North Saskatchewan at this point, has been placed in the supplementary estimates.

The letter did not state the amount, but it is understood that it is sufficient to cover the cost of construction.

## The CNR Aid

The resolutions to aid the C.N.R. to construct from Grand View, to Edmonton, were laid on the table on Friday. After having been agreed to, a bill to the same effect will be introduced. They are as follows:

1. Resolved, That the government may aid the extension of the line of the Canadian Northern Railway Company from Grandview, the point where what is known as the Gilbert Plains branch of the said railway ends, to a point at or near Edmonton, a distance of about 620 miles, and also of the Prince Albert branch of the said railway from a point 100 miles east of Prince Albert, to Prince Albert, a distance of about 100 miles, by guaranteeing the principal and interest of the first mortgage bonds, debentures or other securities of the company to the extent of \$13,000 per mile of the line interest on the said bonds to be at the rate of three per cent. per annum, payable half-yearly, and the principal to be payable in 50 years.

2. Resolved, That the said bonds, debentures or other securities shall be secured by mortgage forming a first charge upon the lines of railway so aided, and all property and franchises in connection therewith, and all revenues derived therefrom by the company; provided, that with respect to that portion of the said line from the end of the Gilbert Plains branch to the western boundary of Manitoba, a distance not exceeding 65 miles, the said mortgage shall be a first charge to the extent of only \$10,000 per mile, but shall also rank on the said portion east after the charges heretofore created; provided also, that the said mortgage shall be a charge next after a first charge of \$13,000 per mile (to be created by the company) on that part of said Prince Albert branch.

3. Resolved, That the said mortgage shall also form a charge next after the charges existing thereon upon all the lines and branch lines of railway of the company now in operation, and all property and franchises connected therewith, and all revenues derived therefrom by the company.

4. Resolved, That the kind of securities to be guaranteed as aforesaid, and the forms thereof, and the form and terms of the mortgage securing them, and the form and manner of guarantee, shall be such as the Governor-in-Council approves of.

5. Resolved, That upon the said guarantee being signed on behalf of the government, the government shall become liable for the payment of the principal and interest of the securities guaranteed, and the said payment shall be a charge on the Consolidated Revenue Fund.

6. Resolved, That the rates and tolls to be charged for the transfer and carriage of freight and passengers upon the lines of railway so aided and upon the lines owned by the Canadian Northern railway shall be under the control of the Governor-in-Council or of such authority, commission or tribunal as is designated or constituted under any act of the parliament of Canada for the regulation or control of the business of railways.

7. Resolved, That the Governor-in-Council or any authority created by parliament for the purpose may also grant running powers over any portion of the lines hereby aided to any other line of railway upon terms considered equitable.

8. Resolved, That it shall be unlawful for the Canadian Northern railway to lease or sell any of its lines or any portion thereof to the Canadian Pacific Railway Company, or to amalgamate with this said company or enter into any agreement with the said company whereby rates upon freight or passengers shall be pooled; but this provision shall not extend to traffic or running arrangements made with the consent of the Governor-in-Council.

9. Resolved, That any money paid by the government of Canada under the guarantee herein provided for, shall be held to be paid in discharge of the liability of the government but not in discharge of the liability of the company under the securities so guaranteed or under the mortgage securing them; and the money so paid shall be held to be still secured by the said securities and mortgage, and the government shall be subrogated in all the rights of the holders of the securities, the interest upon or the principal of which has been paid by the government, and the government shall, in respect of all the moneys so paid be in all respects in the position of security holders in respect of whose securities default has been made in payment to the extent of the moneys paid by the government.

## Cloudburst in Arizona

El Paso, Texas, June 11.—Seven bodies, most of them of women, have been recovered at Clifton, Arizona, since the torrent from the cloudburst of Tuesday night spent its fury. Thirty persons are missing and the property loss will exceed \$100,000. The Arizona Copper company, located in a canyon through which the water swept, was the worst sufferer. Its loss will reach \$50,000. Eight miles of the Arizona and Mexican railway track were washed out and the evening passenger train was bowled over into the canyon. Telegraphic communication was cut off and the news was sent to Lordsburg and surrounding towns by runners.

## IN DEFENSE OF ALBERTA

The following letter appears in a recent issue of the Great Falls Tribune, one of the leading papers in Montana:

Kendall, May 18.—In the Tribune of the 10th inst., you published an interview with Joseph Blaine, of the Black Belt district, in regard to the agricultural conditions in Alberta. Permit me to say a few words in answer to the same, as Mr. Blaine is sadly misinformed about that country. His experience must have been very limited, and he has probably been located in a part of the country where conditions were unfavorable, for such places can be found there as it is a very large country.

I went up into that country six years ago and lived in the Edmonton district four years, so I can speak from experience. I have relatives living there now and am in constant communication with that part of the country.

Your informant states that the crops of Cascade county in 1889 and 1890, the terribly dry years, were equal to the best ever raised in Alberta. I have never seen better crops anywhere than I saw raised in Northern Alberta during the years that I was there, nor have I seen them raised with greater ease and less expense, and I was raised in the Gallatin valley, the "Egypt of America." A failure is unknown there. I have lived there during what was stated to be the driest year known, and also during the wettest, and each year we had good crops. Your informant's statement that for the last three years there has been a failure of crops in the country 100 or more miles north of the boundary line is utterly false. Edmonton is 300 miles north of the line and is in the center of one of the finest farming districts in the world.

He sold his 320 acres for \$200 but that is the first time I ever heard of a farm up there selling for such a small price. Land has increased in value by leaps and bounds since I went up there, and it is very poor farm indeed that can be bought for \$1,000. A farm near Edmonton recently sold for \$25,000, and my father has been offered \$10,000 for his place, thirty miles from the railroad, and market. "The return movement," he says, "has already commenced from northern Alberta, and in three years ninety per cent will have returned from the country 100 miles north of the line." During my stay up there I met hundreds of Americans and none have heard say that he was dissatisfied with the country or that he regretted going there. Everybody is more than satisfied, as they have all prospered. The majority of settlers went there poor and are now well-to-do farmers. A good many of the Americans that went there had met with reverses on this side of the line and went up there to recuperate their fortunes and in this the majority are successful. Many of these have no "swallowed every shred of their pride and declared allegiance to a king and emperor," as Mr. Blaine did, but are still loyal American citizens. It is necessary to swear allegiance before one can get a title to a free homestead, but railroad land can be bought on much reasonable terms, and those with the necessary means bought farms somewhat improved, so they did not take advantage of the free land. I was a property holder up there, and as yet my pride did not suffer, and I was always loyal to the stars and stripes. It would not have been necessary for him to have come back to take in a fourth of July celebration as it is celebrated in Edmonton and other towns of the north, as the Americans outnumber the Canadians, nor do the Canadians resent this. They have thrown aside petty prejudice and gladly welcome the Americans, who have done more than any one else to develop the country. Five years ago the Americans, during their fourth of July celebration, called upon the members of parliament for Alberta for a speech, and he delivered it from the balcony of the Alberta hotel, Edmonton, extending them a hearty welcome. Even though one does swear allegiance to the King and becomes a full-fledged citizen of the country, he belongs to just as free a country as this.

The social conditions are not bad and the people uncontented, as he says. The country has been my experience. The schools are not poor. I have always admired their school system, and especially in the sparsely settled districts. For instance, in a district where there are 12 children of school age within a radius of a mile and a half from the schoolhouse, any taxpayer can compel the trustees to keep the school open the year round, with the exception of about six weeks' vacation which is given all schools.

As to his statement that "hailstones as large as fists, frosts as late as July 15th, floods in June and snow in August," being normal conditions, will say nothing more than it is simply absurd.

I am afraid I have already taken up too much of your space, but I could not refrain from answering it. I believe the people here have a right to know the true condition of affairs of our neighbors to the north. I may add that in the last letter I received from my father he stated that hundreds of settlers were going on to the fertile valley of the Peace River, several

hundred miles to the north of Edmonton. Very respectfully,  
PETER SIEB.

## TERRITORIAL GAZETTE

The following items of local interest appear in the last issue of the Northwest Territories Gazette.

George Woolly, of Andrew P.O., has been appointed overseer of local improvement district No. 432, which comprises Township 56, Range 16, west of the fourth meridian.

The following have been appointed game guardians of their respective districts: J. G. Dempsey, Heather Brae, Alberta; J. W. Turner, Leduc, Alta.; John A. Edgson, Edmonton, Alberta.

H. A. Johnson, of Wetaskiwin, Alberta, has resigned his position as weed inspector.

The D. Wade Company, of Leduc, has been granted its charter.

## VEGREVILLE

Mr. Chas. Stebbings, who has been living at Dr. Goodwin's home during the past year, left for New Brunswick, where he purposes resuming his college course.

On Saturday of last week the first annual meeting of the Beaver Lake and Vegreville Agricultural Society was held in the Vegreville schoolhouse. Representatives from all parts of the country were present. The following officers were elected to conduct the work of the society for the present year: president, Mr. Dinwoody; first vice-president, Mr. Fane; second vice-president, Dr. Goodwin; secretary-treasurer, Mr. Geo. Robertson; Directors, Messrs. Tetreau, Naddo, Newby, Dennis, Fairbairn, McCallum and three others unknown at present. It was decided that the society will hold an Agricultural Fair on October 1st, 1903.

Mr. Cameron, fire inspector, passed through our village last week. We are informed that he was on an official visit of investigation into the causes and results of some of the prairie fires that have raged in the Vermilion valley this season.

Mr. Clements, one of our enterprising merchants, returned to Vegreville last Sunday afternoon under somewhat different auspices to those under which he left during the previous week. We extend to Mr. Clements and his estimable lady a hearty welcome to our midst and sincerely wish them a long life of prosperity and happiness.

Messrs. Empey Bros. Joe. Haires and his two sons passed through Vegreville this week on their way to their homesteads, where they purpose doing considerable breaking work and also erecting houses on their property. Our above mentioned friends are not the only ones who are journeying to their claims. Our village has had, especially during the present week, a continual inflow of settlers. The Vermilion valley and Beaver Lake countries are fast filling up. The incoming settlers, like their predecessors, are all enterprising people and are such as shall make good citizens, well worthy of the respect of our much loved Union Jack.

Several people from Vegreville availed themselves of the privilege of attending the picnic held at Beaver Lake on Wednesday of this week. Among those who went from Vegreville, and vicinity were Messrs. Thomas and Dunham, and Messrs. Woodside, Johnson, Duhamel and Cameron.
